## Canyon High School Alma Mater

All hail Canyon High School  
The home of Comanches strong  
From mountain to river  
Sound echoes of our song  
We rise to the test  
With none but the best  
As thine ideals prevail  
With courage we greet  
Every challenge we meet  
Our loyalty shall never fail.

The committee wishes to thank  
Wade Cleveland and  
Debbie (Aguilar) Dombrow  
for helping us to make our  
reunion  
a memorable one.

I'd like the memory of me  
To be a happy one,  
I'd like to leave an afterglow  
of smiles when day is done.

I'd like to leave an echo  
Whispering softly down the ways  
Of happy times, and laughing times  
And bright and sunny days.

I'd like the tears of those you grieve  
To dry before the sun  
Of happy memories I leave  
Behind- when day is done.

-Helen Lowrie Marshall

In memory of  
the members of the Class of '84  
who remain forever absent from this  
world,  
but forever present in our memories.

Haven't done anything really interesting since you have seen me last. I am just a mom that works, that's it. I work as a National Account Manager for Volt Services Group on the Information Technology side managing Raytheon and Rockwell Collins. I travel all over the county for work, and after seeing most of the county I am really glad I still live in California. The only long term goal other than getting all my photos into albums, and not get married again, is to help my daughter get into a great College, currently she is looking at Berkeley, however at 11 years old that could change. All the pictures I have are with my daughter and I so I am leaving it out.

After graduation from Canyon I went on to UCSD for my Undergraduate degree. Thereafter, I moved to Washington DC working for the Treasury Department as an Economist. From there I was off to graduate school at Dartmouth College where I got my MBA. That led me to New York City where I worked in advertising at Young and Rubicam so my former husband could pursue his career as an Investment Banker. Finally we moved back to Southern California where I worked for Disney in Marketing. In 1995 I "retired" to raise my children, settling in Pacific Palisades, where we still reside. During this 9 year hiatus, I began investing in Real Estate and I build homes for my own portfolio and plan to get into mortgage banking in the near future to help with my investments. I feel immense gratitude for the blessings my life has brought me.
